INSTRUCTIONS

Tips for Choosing a Topic

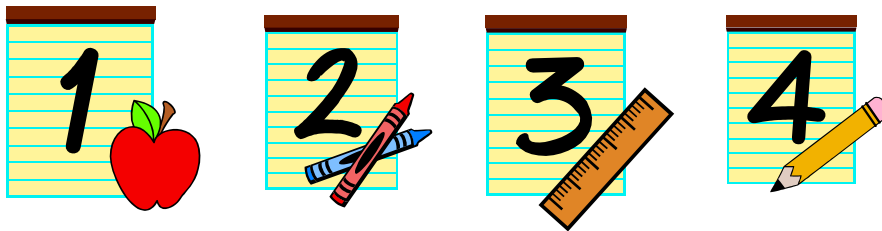

- Think about the topic for your instructions:
 - What do you know how to do?
 - Do you know all the steps?
 - Can you explain the steps?

- Draw pictures of the steps for your instructions, each on a separate piece of paper.

- Arrange the drawings in correct order.

- Talk with a classmate about your drawings.
Explain each step using time-order words, such as first, next, then, last, and finally.
